Introduction

After logging in, you will be navigated to the DMS dashboard. DMS dashboard contains tools that can be used for many purposes. These all will be discussed in this manual.

Front office can scan NFC card directly to view the patient details from this screen. NFC card won't work on other screens.

Click on the icon on the top-right corner of the screen to view options related to the user account.

Clicking log out will sign you off from the session and redirect you to the log in page.

Feedbacks

Feedbacks for improving DMS system, error reporting and additional comments can be sent. Press feedback icon on the top right corner next to the Search bar and fill up the form.

Events and Notices

Upcoming events and notices can be easily added to the dashboard. On the side bar scroll down, find Events and Notice. Click on them and fill up the form as required and post it on the dashboard.

NOTE: Every account holder can view this on their dashboard and could be super useful, so it should be properly utilized.

Here,

- Who section contains primary details and if any mandatory field is missed out then a message will be displayed, and missing fields will be marked red.

The screenshot shows the 'Create New Patient' form. The 'Who' section is active, and several fields are highlighted in red, indicating they are required but missing or invalid. A modal message box is displayed over the form, stating: '192.168.88.250 says: The following fields are required: First Name, Last Name, DOB, Sex. Please fill them in before continuing.' The 'OK' button is visible in the modal. The form fields include: Name (with a dropdown and a red field), DOB (with a calendar icon and a red field), Sex (dropdown with 'Unassigned'), Citizenship/Passport Number, Drivers License Number, Blood Group (dropdown with 'Unassigned'), Address, City, District (dropdown with 'Unassigned'), Zone (dropdown with 'Unassigned'), and Father's Name. Below the 'Who' section, there are checkboxes for 'Contact', 'Choices', 'Employer', 'Stats', and 'Misc'. At the bottom, there are 'Search' and 'Create New Patient' buttons.

- Contact: This is the contact details of the patient.

The screenshot shows the 'Contact' section of the patient form. It contains the following fields: Postal Code (44600), Country (Nepal), Home Phone (014253485), Mobile Phone (9841256465), Trusted Email (example@example.com), County (Unassigned), Emergency Contact (014265348), Work Phone (014726548), and Contact Email (example@email.com).

- Choices: Patient's custom preferences.

- Report: CCR as shown in the image below exchanges most relevant and timely clinical information about a patient among providers, institutions, or others. This has to be completed upon referral or transfer or other transition of a patient from one caregiver to another. To be completed by Physicians, Nurses, Ancillary providers (e.g., social work, physical therapy, occupational therapy). CCD is an electronic document exchange standard for sharing patient summary information. Summaries include the most commonly needed pertinent information about current and past health status in a form that can be shared by all computer applications, including web browsers, electronic medical record (EMR) and electronic health record (EHR) software systems.

Searching an Existing Patient

Patients search can be done from the search bar or the create new patient page as shown in the image below.

The screenshot shows the DMS (Digital Medical System) interface. At the top, there is a search bar with the text 'alis' entered. Below the search bar, a table displays search results. The table has columns: Name, Sex, Phone, Citizenship/Passport number, DOB, ID, PID, Number Of Encounters, Days Since Last Encounter, and Date of Last Encounter. The first row shows 'Alis Khadka' with a male sex, phone number 9841805893, and other details. A red arrow points from the search bar to the first row of the table. Below the table, a message says 'Search found for alis.'.

Name	Sex	Phone	Citizenship/Passport number	DOB	ID	PID	Number Of Encounters	Days Since Last Encounter	Date of Last Encounter
Alis Khadka	Male	9841805893	78596	23/01/1993	111100000010	10	2	2	23/01/2018

Search found for alis.

After selecting a patient, A button will appear at the top of the page called active patient. This will stay active until it is cleared using the Clear Active Patient button as shown in the image below.

The screenshot shows the DMS patient profile page for 'Alis Khadka'. At the top, there is a 'Clear Active Patient' button. Below the button, the patient's name 'Alis Khadka' is displayed. To the right of the name, there is a button labeled 'Active patient. Click here from anywhere to navigate back to this page.' Below the name, there is a section for 'Patient Demographics' with fields for Name, DOB, Sex, Citizenship/Passport Number, Drivers License Number, Blood Group, City, Zone, External ID, Mother's Name, Guardian's Name, Emergency Phone, Marital Status, Address, District, and Father's Name. Below the demographics section, there is a 'Billing' section with fields for Patient Balance Due, Insurance Balance Due, and Total Balance Due. Below the billing section, there is a 'Demographics' section with fields for Edit, Notes, Disclosures, Amendments, and Labs. Below the demographics section, there is a 'Notes' section with fields for Edit, Notes, Disclosures, Amendments, and Labs. Below the notes section, there is a 'Disclosures' section with fields for Edit, Notes, Disclosures, Amendments, and Labs. Below the disclosures section, there is an 'Amendments' section with fields for Edit, Notes, Disclosures, Amendments, and Labs. Below the amendments section, there is a 'Labs' section with fields for Edit, Notes, Disclosures, Amendments, and Labs. Below the labs section, there is an 'Appointments' section with fields for Add, Appointments, and Tracks.

Clear Active Patient

Alis Khadka (111200000067)
DOB: 1993-01-23 Age: 25yrs

Active patient. Click here from anywhere to navigate back to this page.

click here to clear active patient.

Encounters

Encounter history stores all the active patient visits in the past.

Note: Make sure to select a patient to make this section visible. This patient will be an active patient in the DMS system until the Clear Active Patient button is pressed.

The screenshot shows the patient profile for Alis Khadka (DOB: 23/01/1993, Age: 25yrs). The 'Encounter History' dropdown menu is open, showing options: 'Encounter History', 'New Encounter', 'Past Encounter List', '23/01/2018-New Patient', and '23/01/2018-Established Patient'. Red boxes highlight the patient's name, the dropdown menu, and the 'Active patient' label.

New Encounter will display the following form. This encounter will be created for the active patient i.e. Alis Khadka, as shown in the image below. Please fill in the details as required and save it for future reference.

The screenshot shows the 'New Encounter Form' for Alis Khadka. The form includes fields for 'Visit Category' (New Patient), 'Facility' (Clinical Haematology), 'Billing Facility' (Clinical Haematology), 'Sensitivity' (Normal), 'Date of Service' (2018-02-01), and 'Onset/hosp. date'. A text area for 'Consultation Brief Description' is on the left. On the right, there is a list of 'Issues (Injuries/Medical/Allergy)' with a list of medical history items: A: 2017-09-26 iodine, D: 2015-01-27 Broken molar teeth, P: 2018-01-22 diabetes, M: 2003-06-17 Metformin, M: 2018-01-23 SAFOLIN CAP, M: 2018-01-23 "ADHESIVE 4""", and S: 2015-01-20 appendectomy. A note at the bottom right states: 'To link this encounter/consult to an existing issue, click the d Hold down [Ctrl] for multiple selections or to unselect down [Ctrl] button to select multiple issues.'

All the past encounters of the active patient will be displayed in this section. The following patient just have one encounter.

The screenshot shows the 'Past Encounters and Documents' section for Alis Khadka. It displays a table of past encounters with columns: Date, Issue, Reason/Form, Provider, Coding, and Insurance. The table shows one encounter on 23/01/2018 for Alis Khadka, with issues: A: iodine, D: Broken molar teeth, P: diabetes, M: Metformin, M: SAFOLIN CAP, M: "ADHESIVE 4""", and S: appendectomy. The provider is Poudyal, Bishesh, and the coding is Appointment - 111100000003.

Date	Issue	Reason/Form	Provider	Coding	Insurance
23/01/2018	A: iodine D: Broken molar teeth P: diabetes M: Metformin M: SAFOLIN CAP M: "ADHESIVE 4"" S: appendectomy		Poudyal, Bishesh	Appointment - 111100000003	23/01/2018

Active patient's encounter history will be displayed as a list in this dropdown as shown in the image below.

The screenshot displays a patient management interface for 'Alis Khadka'. The top navigation bar includes buttons for 'Create New Patient' and 'Clear Active Patient', along with patient details: 'Alis Khadka (111100000010)' and 'DOB: 23/01/1993 Age: 25yrs'. A search bar contains the name 'alis'. A dropdown menu titled 'Encounter History' is open, showing options: 'Encounter History', 'New Encounter', 'Past Encounter List', '23/01/2018-New Patient', and '23/01/2018-Established Patient'. The last two options are highlighted with a red box. A red callout box points to this dropdown with the text 'Encounter history list.'.

Dashboard

Dashboard shows list of options that you can choose from,

- **Calendar:** Select date and department (from the dropdown, below Providers) to view all the appointments of the Doctors. You can also create appointments by clicking on the time displayed as shown in the image below. On clicking on time, it will navigate user to the create new appointment page.

The screenshot shows a medical dashboard interface. At the top, there is a navigation bar with buttons for 'Add', 'Today', navigation arrows, the date 'Sunday, February 25, 2018', 'Refresh', and view toggles for 'Day', 'Week', and 'Month'. Below this is a calendar for February, with the 25th highlighted. To the right of the calendar is a list of providers: Pankaj Awale, Bidesh Bista, Dhurba Gaire, and Philip Ranjit. A dropdown menu is open, showing 'General Phys' as the selected option, with other options like 'All Users', 'Pankaj Awale', 'Bidesh Bista', 'Dhurba Gaire', and 'Philip Ranjit' listed below. A red box highlights the dropdown menu, and a red arrow points to it with the text 'Select provider from here'. The main area of the dashboard is a grid of appointment slots, with times ranging from 8:00 to 9:40. A patient named 'Alis Khadka (Established Patient)' is scheduled for 08:45.

- **Quick Order:** Fill up the form as shown in the image below. Select required test (Eg: Laboratory or Radiology) from the list, search the test code and press Save. This will create procedure order for that patient with the selected provider.

Calendar

This section is described in the dashboard section above.

Patient/Client

Patient: This shows the list of all patients.

New/Search: Create a new patient or search existing patient as described in the General section above.

Summary: This will be visible once a patient is selected. Summary will display the patient's demographic page which has been explained above.

The screenshot shows the 'Patient Demographics' page for a patient named Alis Khadka. The page has a blue header with the patient's name and a 'Create Onsite Portal Credentials' button. Below the header, there are several sections: 'Billing (collapse)' showing balance due information, 'Demographics (expand)', 'Notes (expand)', 'Disclosures (expand)', 'Amendments (expand)', and 'Labs (expand)'. On the right side, there is an 'Appointments (collapse)' section showing two appointments: one on 2018-02-25 (Sun) at 8:45 am and another on 2018-02-27 (Tue) at 4:20 pm. Both appointments are for an 'Established Patient' named Philip Ranjit. At the bottom right, there is a note '(Issues not authorized)' and a 'Tracks (expand)' link.

Records: Patient Record Request will simply record the request of the patient.

Patient Education: Search any information on the web from here.

The screenshot shows the 'Web Search - Patient Education Materials' page. It features a search bar with a dropdown menu set to 'Medline'. A red box highlights the dropdown menu with the text 'Generic category of the search.' and an arrow pointing to it. Below the search bar is a 'search bar' input field. To the right of the search bar is a 'Submit' button. At the bottom, there is a note: 'Please input search criteria above, and click Submit to view results. (Results will be displayed in a pop up window)'.

Chart Tracker: Track patients with this function. Enter the Patient ID to view the information.

EHS Billing

Cash Register:

- Cash register contains records of cash history of the logged in user.
- The Type option will show three options, initial amount, closing amount and collection.
- Initial amount is the amount that the counter contains at the user arrival time. As soon as a user starts his/her shift the amount in the till should be entered using this option.
- Click on submit and enter your username and password. Please note that any user can log in and enter any type with any amount

Report - Cash Register

Cash Register : Collapse
